Dear Mrs Manley,

I am sure you don't care to hear from me after such a long delay but I've been busy seeing the new sights. I liked Mexico fine when I first came over but now I am quite tired of it all. Not knowing how to speak Spanish make it difficult. Gee what I would give for a good old heart to heart talk in English. Wells is fine and like it here. They are away this week end where we first lived in Veracruz Sev. Mexico. The fellow that own the club moved us to Mexico City its much nicer has every thing like New York. but still I don't care for it.

There are many American ball players here six club were ^{staying} here ^{last week} at the Hotel and thirty players were American ball players. I read about your opening it must have been swell I only wish I had been there instead of here.

I plan to return to the states in a few weeks, probably I'll see you in September. I plan coming to N.Y. then. Give my love to Mr Manley and say hello to Carrie for me.
Always devoted Helma
